Singapore Internet Exchange

Jeff Chan
Director, Sales & Marketing

Bringing The Internet World Closer

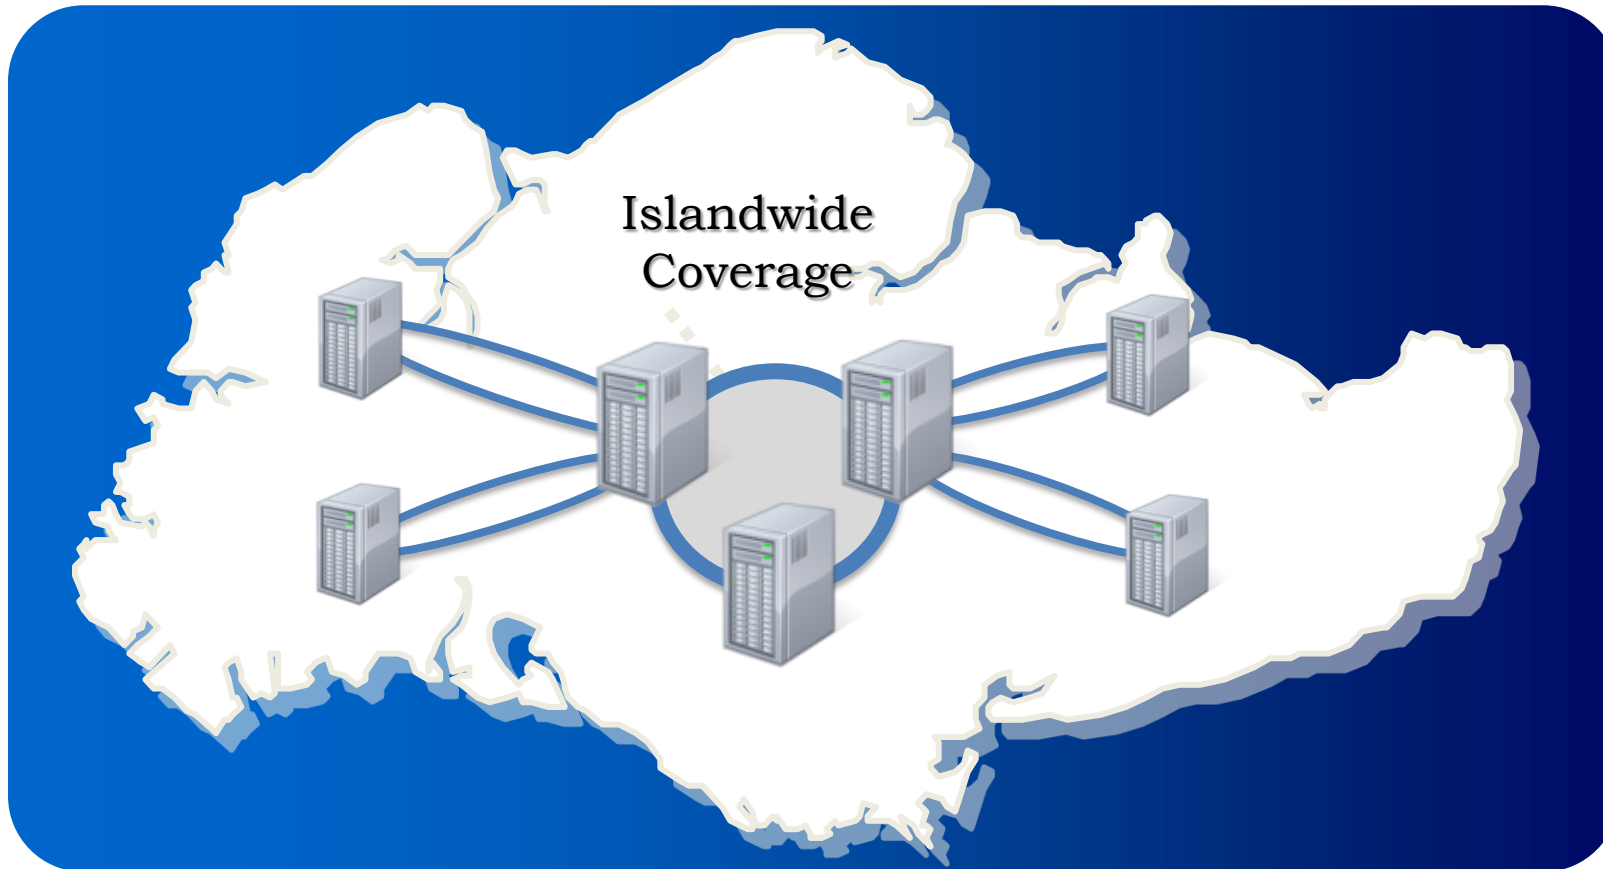

Singapore Internet Exchange

1. Singapore's largest not-for-profit Internet Exchange founded by Singapore government (IDA) in 2009.
2. Open and neutral IX to enhance the Internet landscape via peering and inter-connection between service providers, content providers & enterprises.
3. A members owned IX, SGIX seeks to represent the interest of all peering members by offering best level of service and benefits.
4. Nationwide service coverage with direct presence in key data centres, in addition to SGIX partner's peering points across the island.

Singapore Internet Exchange

Service Coverage : Global Switch, 1-Net, Digital Realty, Equinix,
New Tech Park and all major data
centers in Singapore

Singapore Internet Exchange

Singapore Internet Exchange
