# Corporate Vision

"To be the regional preferred choice for data center Infrastructure provider with best valued solutions through Innovation, Secured Facilities and Experienced Professionals. We will deliver an outstanding level of service and uptime reliability."

*Established in 2001  
Registered capital of THB 430 Million  
Shareholder :  
TCC Assets (Thailand) Company Limited*

# Core Services

TCC Technology offers turnkey services that will enhance your *Business Performance*, mitigate Risks, and manage Costs

Data Center  
Services

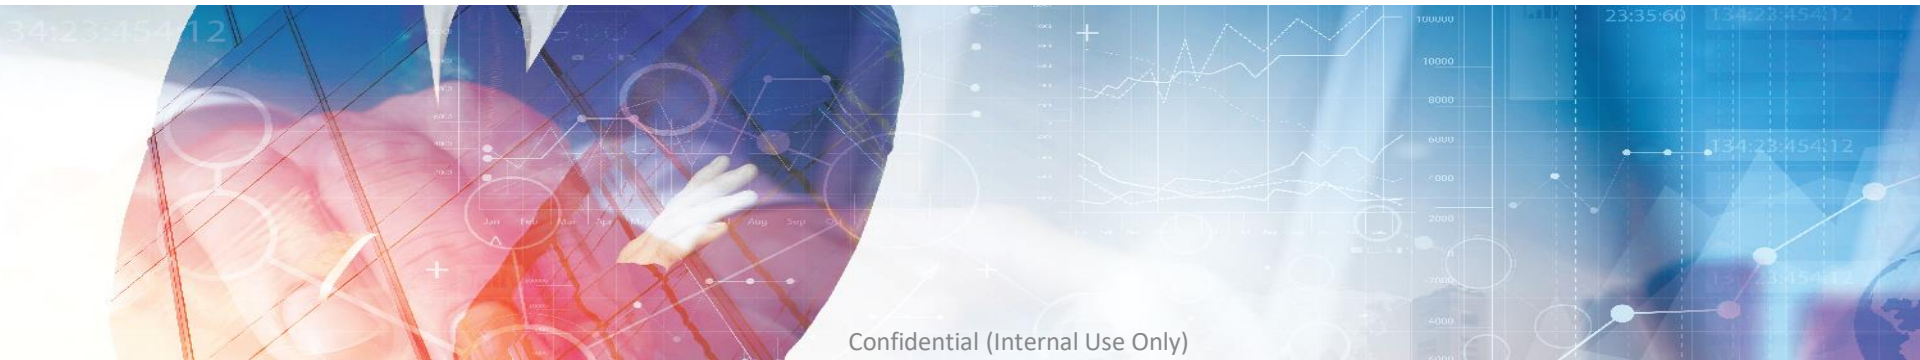

Connectivity  
Services

Cloud  
Services

Consulting  
Services

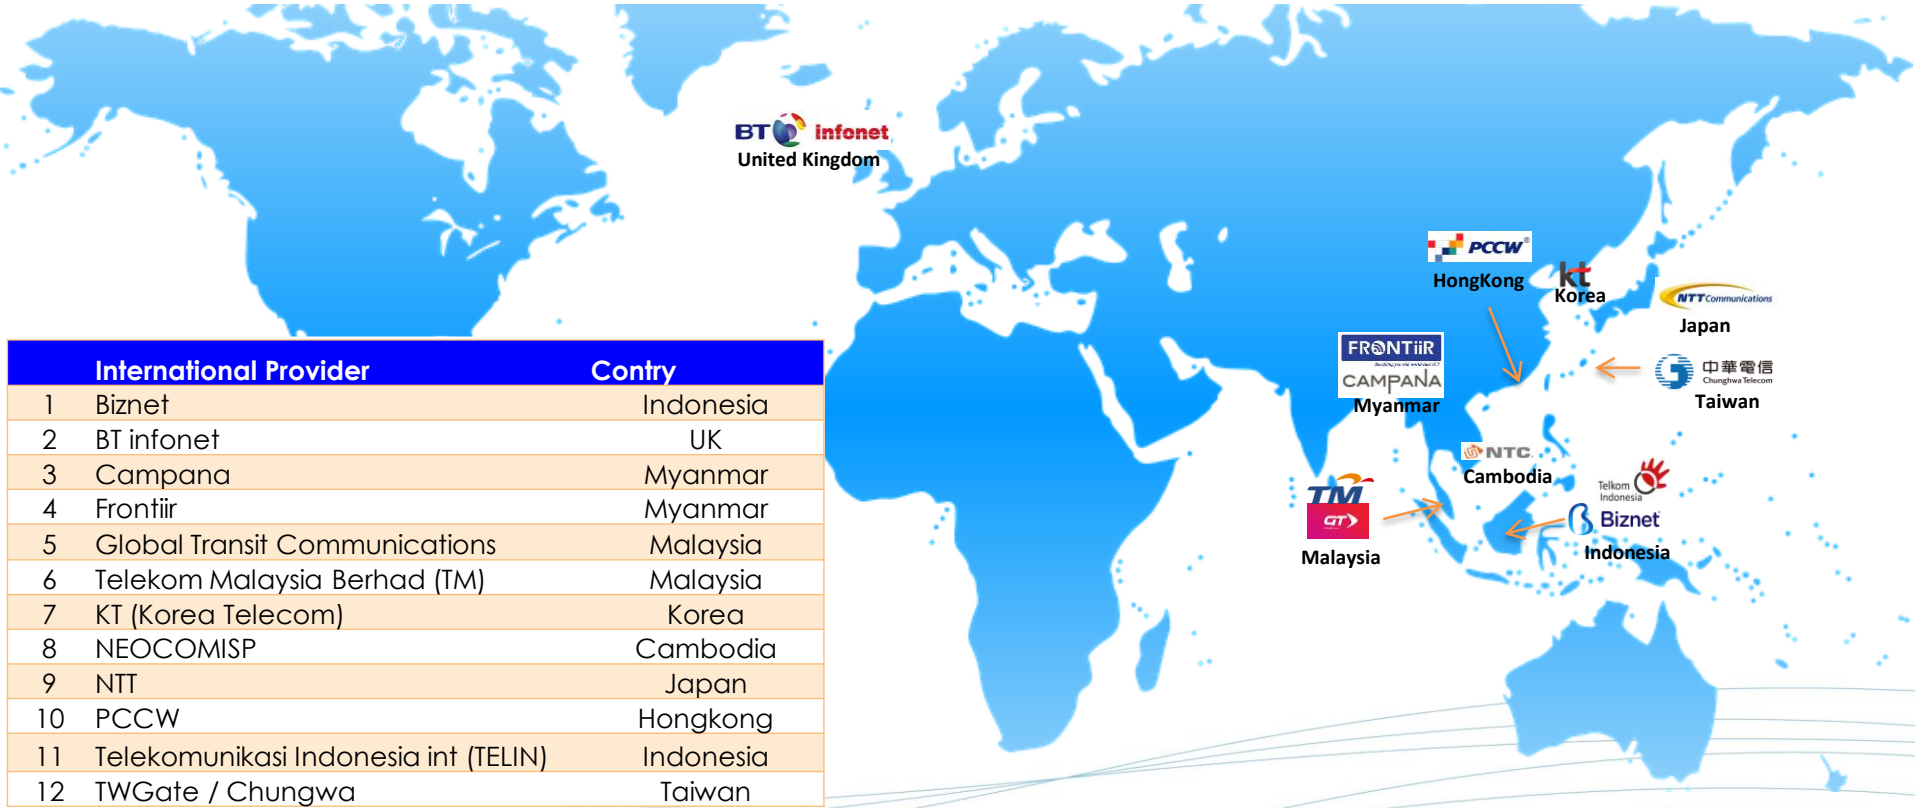

# Network Neutrality

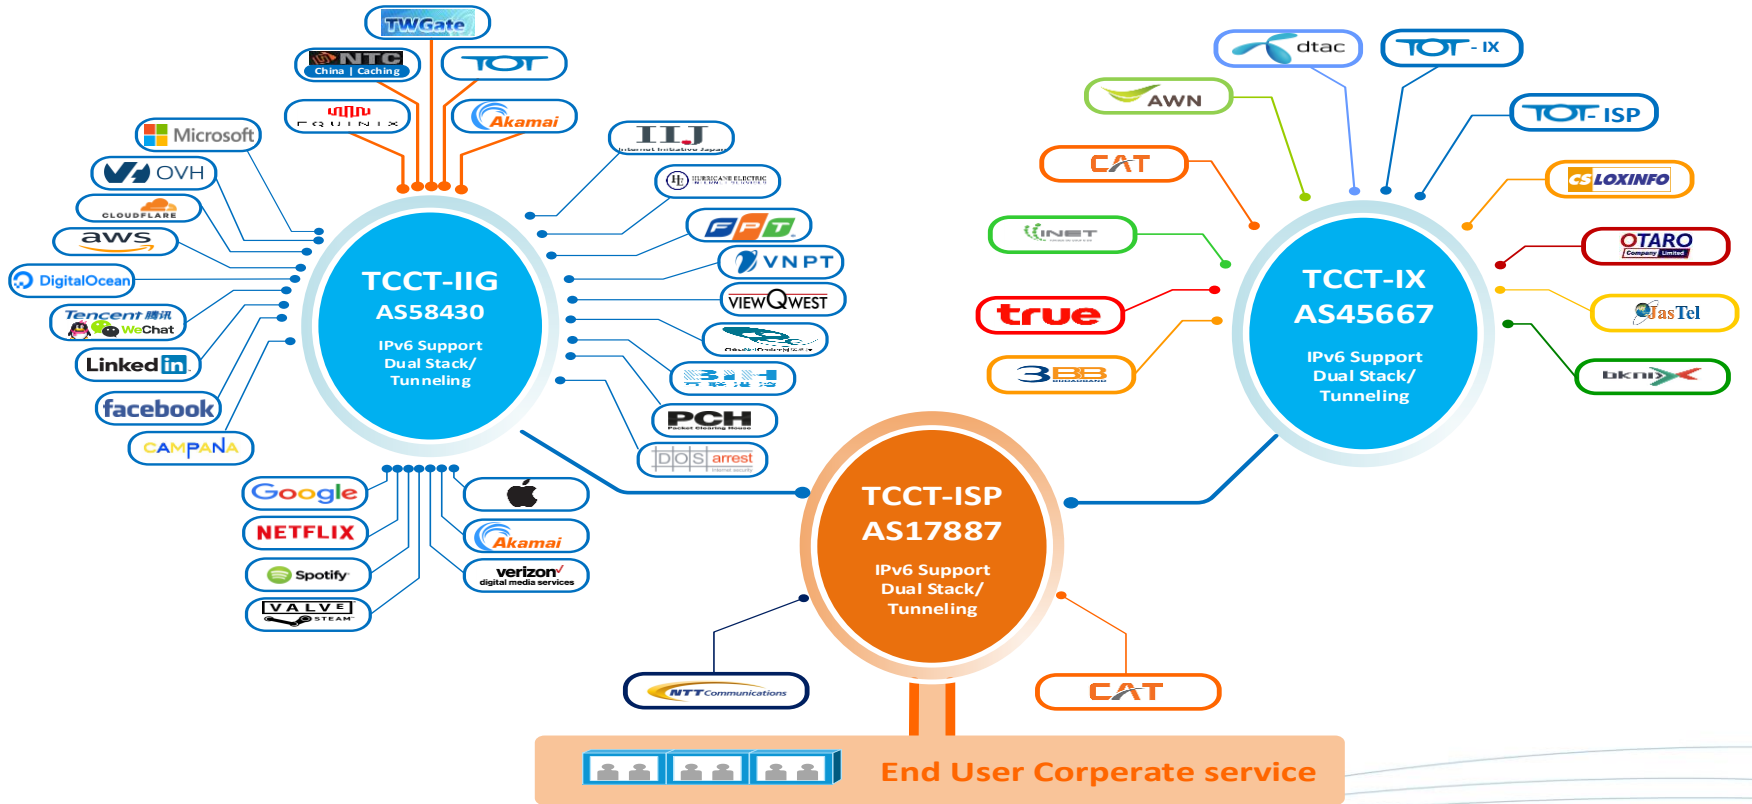

- Presence of network nodes from **all major local access providers inside data center facility** helps reduce implementation lead time
- Private peering offers **quick and direct access to business partners, content providers, internet service providers and carriers**. Leading to increased performance & cost saving.

“Freedom of choices for multiple local and international network providers”

# Global provider Node in our DC

# THANK YOU
